Office of the President

My warmest greetings to the China Chamber of Commerce for Import and Export of Textiles (CCCT) and the Huiyuan Culture Development Group Co., Ltd. as you hold the Philippine Lifestyle Sourcing Expo (PHLSE) 2026.

For decades, you have advanced international commerce by connecting manufacturers, suppliers, and buyers through specialized trade exhibitions that expand production and distribution networks across borders. By convening the apparel, textile, sports, and e-commerce sectors, you enable enterprises to forge lasting relationships and widen access to new markets. Such activities stimulate investments and reinforce value chains that sustain industrial development and national economic progress.

The PHLSE 2026 reflects this shared commitment by providing a venue where industry leaders may examine emerging consumer trends and solutions that respond to the evolving demands of global trade. May this gathering deepen collaboration among domestic and international firms, while opening new avenues for our manufacturers, retailers, and entrepreneurs to broaden their reach and enhance their competitiveness throughout the region.

I urge you to remain steadfast in cultivating partnerships anchored in excellence and shared prosperity, recognizing that every successful venture and every enduring alliance contributes to a stronger economy for our people. In the spirit of Bagong Pilipinas, let us continue promoting greater engagement, advancing inclusive development, and affirming the Philippines' role as a dynamic player in the global marketplace.

May you have a meaningful and fruitful event.

Ferdinand R. Marcos Jr.
President

Senate of the Philippines

My warmest greetings to the organizers, exhibitors, and participants of the Philippine Lifestyle Sourcing Expo 2026!

By bringing together three trade shows under one roof, PHLSE 2026 provides established and aspiring entrepreneurs with a valuable platform to discover new products, connect with reliable suppliers, and build partnerships for their retail and online businesses.

Trade has always been about connecting people with the goods and services they need. Today, digital platforms have expanded this reach, enabling even small businesses to serve customers across the country and beyond. Events such as PHLSE help Filipino entrepreneurs grow, become more competitive, and enter new markets.

I am confident that this year's expo will generate new business opportunities, strengthen our retail and e-commerce sectors, and contribute to economic growth by encouraging more Filipinos to build and expand their enterprises.

I wish everyone a productive and successful event.

Let's WIN this together!

Win Gatchalian
Senate President

Department of Trade and Industry

Warm greetings to the organizers, exhibitors, trade buyers, and industry partners joining the Philippine Lifestyle Sourcing Expo (PHLSE) 2026.

The Department of Trade and Industry welcomes this timely gathering that brings together the Philippine Apparel Textile Show, Philippine Sport Show, and Asia International E-Commerce Expo. By connecting local and international stakeholders across apparel, footwear, textiles, sports equipment, electronics, and e-commerce, PHLSE 2026 provides a valuable platform for discovering new products, forging partnerships, and expanding market opportunities.

The Philippine lifestyle sector reflects the creativity, craftsmanship, and entrepreneurial spirit of our people. As consumer preferences and technologies continue to evolve, our enterprises must be equipped to innovate, improve their capabilities, and respond to the demands of an increasingly digital and interconnected marketplace.

This is why sourcing exhibitions such as PHLSE are important. Beyond showcasing products and emerging trends, they allow our local manufacturers, exporters, retailers, and micro, small, and medium enterprises to build stronger linkages with buyers and potential partners. The participation of more than 90 companies and thousands of trade visitors also demonstrates the confidence of the business community in the Philippines as a promising sourcing and investment destination.

Under the leadership of President Ferdinand R. Marcos Jr., the DTI remains committed to strengthening our industries, accelerating digital transformation, and helping Filipino enterprises participate more meaningfully in regional and global value chains. Through close collaboration with the private sector and our international partners, we are advancing the vision of a Bagong Pilipinas-one where businesses of every size can grow, innovate, and create better opportunities for our people.

I commend the China Chamber of Commerce for Import and Export of Textiles, Huiyuan Culture Development Group Co., Ltd., and Global-Link MP Events International, Inc. For organizing PHLSE 2026. May this event inspire productive exchanges, lasting partnerships, and new ventures that will contribute to the continued development of the Philippine lifestyle and e-commerce industries.

I wish everyone a successful and rewarding Philippine Lifestyle Sourcing Expo 2026.

Mabuhay!

Christina A. Roque
Secretary

Philippine Economic Zone Authority (PEZA)

On behalf of the Philippine Economic Zone Authority (PEZA), I extend my warmest greetings

to the organizers, exhibitors, manufacturers, suppliers, buyers, retailers, e-commerce players, industry leaders, and distinguished guests of the Philippine Lifestyle Sourcing Expo 2026.

This Expo brings together key players across apparel, textiles, lifestyle products, sports, logistics, digital commerce, and related industries-reflecting the increasingly interconnected nature of global trade and supply chains.

At PEZA, we see tremendous opportunities in these connections. As the country's leading investment promotion agency for export-oriented industries, we work to provide an environment where companies can establish, expand, manufacture, innovate, and access global markets.

Our network of 436 economic zones is home to 4,388 registered business enterprises engaged in manufacturing, IT-BPM, logistics, tourism, and other industries that generate investments, exports, and quality jobs.

We encourage participating companies to explore the Philippines not only as a growing consumer market, but also as a competitive production, sourcing, and export base within ASEAN. Whether through manufacturing partnerships, supplier linkages, logistics solutions, technology platforms, or new distribution channels, PEZA stands ready to facilitate investments and connect businesses with the opportunities available in our economic zones.

May this Expo lead to stronger partnerships, expanded markets, new investments, and deeper participation of Philippine enterprises in regional and global value chains.

Once again, congratulations to the organizers and participants of the Philippine Lifestyle Sourcing Expo 2026.

Maraming salamat at mabuhay!

Tereso O. Panga
Director General

Philippine Sports Commission

Greetings!

First, I would like to congratulate the people behind this exquisite event, the China Chamber of Commerce for Import and Export of Textile and Huiyan Culture Development Group Co., Ltd. Events like this expo do not only showcase the various products of China and the Philippines, as it also provides great opportunity to share the culture and trends of both country that strengthens the relationship of the Philippines and China through export and commerce.

From last year's PHLSE, 120 exhibitors participated with thousands of attendees and buyers. This only shows the continued support we have from different agencies and entities. Reason, why Chinese and Philippine textile, apparel, and commerce doesn't diminish, instead it thrives.

Once again, congratulations for the success of this year's PHLSE! May you continue to promote and showcase the Chinese and Philippines rich cultural heritage through textiles and other products - let us thrive for innovation and development.

Thank you so much!

Matthew P. Gaston
Commissioner

Philippine Fiber Industry Development Authority (PhilFIDA)

On behalf of the Philippine Fiber Industry Development Authority (PhilFIDA), I warmly welcome all participants, partners, exhibitors, and guests to the Philippine Lifestyle Sourcing Expo 2026. As a yearly gathering of industry stakeholders, creative enterprises, and development partners, this Expo continues to serve as an important venue for strengthening market linkages, promoting innovation, and advancing the global presence of Philippine natural fibers.

PhilFIDA, as the government agency mandated to promote, develop, and sustain the Philippine fiber industry, remains committed to showcasing the value of our world-class natural fibers-particularly abaca, known for its strength, versatility, and eco-friendly qualities. The Philippine Lifestyle Sourcing Expo 2026 reinforces this commitment by highlighting the role of Philippine fibers in sustainable design, responsible sourcing, and product development for both local and international markets.

Through this annual event, we aim to bring together producers, designers, buyers, institutions, and advocates to create new opportunities for collaboration and enterprise development. Its goal is to expand the use of Philippine fibers in fashion, lifestyle, industrial, and innovative applications while ensuring that farming communities and fiber producers benefit from stronger market access, livelihood opportunities, and capacity-building initiatives.

We look forward to working hand in hand with our partners, including Huiyuan Culture Development Group and other stakeholders, in developing sustainable products, promoting eco-conscious branding, and exploring research and innovation that connect tradition with modern technology. As we gather once again for this yearly Expo, may we continue building meaningful partnerships that elevate Philippine fibers and contribute to a more sustainable, inclusive, and competitive industry.

Welcome once again, and may this Expo be a fruitful journey of collaboration, creativity, and shared success.

Arnold Atienza
Executive Director

China Chamber of Commerce for Import and Export of Textiles (CCCT)

Dear Distinguished Guests, Exhibitors, Buyers, and Industry Colleagues,

On the occasion of the 2026 Philippine Lifestyle Sourcing Expo (PHLSE), on behalf of the China Chamber of Commerce for Import and Export of Textiles, I would like to extend a warm welcome to all exhibitors, buyers, and industry colleagues from China, the Philippines, and other countries and regions, and to wish the Expo every success.

China and the Philippines are close neighbors with a long history of economic and trade exchanges. In recent years, economic cooperation between China and ASEAN has continued to deepen, and regional industrial and supply-chain ties have grown ever closer. With the continued implementation of the Regional Comprehensive Economic Partnership (RCEP), enterprises from both countries now enjoy broader opportunities for trade and industrial cooperation.

The textile and apparel industry is a key area of China–Philippines economic and trade cooperation. China has a comprehensive textile and apparel value chain, with strong manufacturing and supply-chain capabilities spanning fibers, yarns, fabrics, garments, home textiles, footwear, bags, and accessories. The Philippines, for its part, offers a dynamic consumer market alongside a solid foundation in garment manufacturing, branding, retail, and distribution. These complementary strengths lay a favorable groundwork for deeper cooperation between the two industries.

We look forward to further strengthening China–Philippines cooperation across the textile and apparel value chain. On the one hand, we aim to bring quality textile materials, fabrics, and supply-chain resources from China to better serve the Philippine apparel industry, and to encourage deeper collaboration in product development, manufacturing, sourcing, branding, and distribution. On the other hand, through the Philippine Lifestyle Sourcing Expo, we are committed to helping more Philippine brands, quality products, and suppliers better understand the Chinese market, connect with business channels, and seize new opportunities there. We also hope that enterprises from both countries will join forces to explore Southeast Asian and broader international markets.

While continuing to promote China–Philippines textile and apparel cooperation, PHLSE is also broadening its scope. Building on its strengths in textiles, apparel, footwear, bags, and accessories, the Expo has expanded into sporting goods and lifestyle consumer products, creating more cross-sector opportunities and offering Philippine buyers a wider range of products and sourcing options.

We hope that PHLSE will continue to serve as a bridge for Chinese and Philippine enterprises to understand markets, identify partners, and deepen industrial cooperation—turning connections made at the Expo into long-term, practical business partnerships and contributing to the coordinated development of the textile, apparel, and related industries of both countries.

Finally, I wish the 2026 Philippine Lifestyle Sourcing Expo every success, and all exhibitors, buyers, and guests productive exchanges and fruitful partnerships.

Cao Jiachang
Chairman

Huiyuan International Exhibition Co., Ltd.

Dear Distinguished Guests, Exhibitors, Buyers, and Industry Partners,

On the occasion of the 2026 Philippine Lifestyle Sourcing Expo, it is my great pleasure, on behalf of the organizers, to extend a warm welcome and sincere greetings to all distinguished guests, exhibitors, buyers, and partners from the Philippines, China, and other countries and regions.

As global trade and supply chains continue to evolve, regional economic cooperation is becoming increasingly important. Southeast Asia remains one of the world's most dynamic and promising regions. The Philippines is not only a vibrant consumer market, but also benefits from with a young and skilled workforce, strong English-language service capabilities, a steadily growing economy, and a strategic location connecting Southeast Asia with the Pacific. These advantages create broad opportunities for trade, investment, joint ventures, manufacturing, and long-term industrial cooperation.

Over the years, we have remained committed to helping Chinese enterprises connect with global markets through exhibitions and trade platforms. From the China Cross-Border E-Commerce Trade Fair to the Philippine Lifestyle Sourcing Expo, we have come to recognize that the true value of an exhibition goes beyond showcasing products—it is connecting industries, connecting resources, and building lasting partnerships that support long-term business growth.

Through years of continuous development, PHLSE has evolved into a professional sourcing platform featuring apparel and textiles, footwear, bags and accessories, sporting goods, and lifestyle consumer products. This year's Expo brings together companies and industry partners from China, the Philippines, and across the region, creating more direct opportunities for sourcing, business matching, and industrial collaboration.

China offers a comprehensive manufacturing and supply chain ecosystem, while the Philippines brings strengths in talent, services, regional connectivity, and economic growth. The opportunities between our two countries should extend beyond trade to include investment, joint ventures, production cooperation, brand development, and supply chain partnerships. We hope PHLSE will become more than an annual exhibition—it will serve as a long-term platform connecting the strengths of both countries, helping Chinese enterprises expand into Southeast Asia through the Philippines while enabling Philippine businesses to connect with China and the wider regional market.

Openness creates opportunities, connections create value, and cooperation takes us further. We look forward to working with all our partners to deepen economic and industrial cooperation and to share the new opportunities brought by regional development.

Finally, I wish the 2026 Philippine Lifestyle Sourcing Expo every success, and I wish all our guests productive exchanges, fruitful partnerships, and a rewarding experience at the Expo.

Mr. Ruan Weixing
President

Founder, China Cross-Border E-Commerce Trade Fair (Fair KWA)
Chairman, Fujian Provincial Import and Export Chamber of Commerce

Huiyuan Cultural Development Group Co., Ltd.

Dear Distinguished Guests, Exhibitors, Buyers, and Industry Colleagues,

On the occasion of the opening of the 2026 Philippine Lifestyle Sourcing Expo (PHLSE), on behalf of the organizer, Huiyuan Culture Development Group Co., Ltd., I would like to extend a warm welcome and sincere appreciation to all distinguished guests, exhibitors, buyers, and partners from the Philippines, China, and other countries and regions.

Through years of continuous development, PHLSE has grown into a professional platform connecting international supply chains with the Philippine market. Guided by the development needs of the Philippines and Southeast Asia, we continue to strengthen the Expo across fashion, sports, and lifestyle sectors, while enhancing its functions in sourcing, trade, and industry cooperation.

This year's Expo features apparel and textiles, footwear, bags and accessories, sporting goods, and lifestyle consumer products. Building on its strengths in fashion and textiles, PHLSE has further enriched the Philippine Sport Show, an integral part of the Expo, with products covering sportswear, ball sports, pickleball, fitness equipment, sports surfaces, and venue facilities. A broader range of lifestyle and daily-use products also provides professional buyers with more diverse sourcing and business opportunities under one roof.

As the Expo continues to expand, we are placing greater emphasis on its sourcing and trade functions. The value of an exhibition is not only in giving products greater visibility, but more importantly, in connecting buyers with genuine demand to the right suppliers. This year, we continue to strengthen engagement with retailers, importers, distributors, e-commerce channels, and professional buyers through exhibitions, business exchanges, and sourcing meetings, creating more effective business connections.

At the same time, we see the Philippines as much more than a consumer market. With a young and skilled workforce, strong English-language capabilities, a steadily growing economy, and a strategic location connecting Southeast Asia with the Pacific, the country also offers significant potential for investment, joint ventures, production cooperation, and supply chain partnerships. China and other Asian economies, meanwhile, bring strengths in manufacturing, products, technology, and supply chains, creating broader opportunities for cooperation.

Through PHLSE, we hope companies can not only discover products and connect with buyers and suppliers, but also better understand each other's industrial strengths, identify potential investment and business partners, and explore long-term opportunities. As the Expo continues to grow, we hope PHLSE will develop beyond a professional sourcing platform into a more efficient and long-term platform for trade and industrial cooperation between the Philippines and international markets.

Every Expo creates new connections, and every face-to-face conversation can be the beginning of a long-term partnership. We look forward to working with all our partners to create more practical opportunities for businesses from the Philippines, China, and across the region.

Finally, I wish the 2026 Philippine Lifestyle Sourcing Expo every success and all our guests fruitful exchanges and rewarding partnerships.

CHEN DANFENG
President

Vice Chairman, China Convention/ Exhibition/Event Society (CCEES)
Vice Chairman, CCOIC Convention & Exhibition Commission

Chinese Filipino Business Club Inc.

Greetings of peace and solidarity!

It is with great honor and gratitude that I welcome you all to the Philippine Lifestyle Sourcing Expo 2026, a grand collaboration featuring the Philippine Apparel Textile Show & Philippine Sport Show, and the Asia International E-Commerce Expo.

On behalf of the 400-strong membership of the Chinese Filipino Business Club, Inc., I extend our deepest appreciation to our partners, the China Chamber of Commerce for Import and Export of Textiles (CCCT) and Huiyuan Culture Development Group Co., Ltd., for bringing this Expo to life.

Every year, this PHLSE brings together local and international suppliers, manufacturers, and entrepreneurs under one roof, not only showcasing garments, textiles, footwear, lifestyle products, and electronic innovations, but also creating opportunities for trade, investment, and collaboration. Through these connections, we strengthen business ties and open new possibilities for enterprises seeking to expand their reach across the Philippines, China, and the wider Asian market.

PHLSE 2026 reminds us that progress is achieved when businesses are willing to learn from one another and pursue growth together. As we explore the many products and innovations presented here, let us also recognize the people and enterprises behind them - entrepreneurs taking risks, manufacturers creating value, and companies continuously seeking better ways to serve their customers.

Together, let us continue to build meaningful connections, pursue new avenues of cooperation, and create an environment where innovation and entrepreneurship can thrive. May this Expo encourage us to think beyond traditional markets and embrace emerging trends that will drive growth in the years ahead. Through collaboration and shared ambition, we can build a more dynamic, competitive, and interconnected business community.

Welcome to PHLSE 2026!

Gerald Uy Chan
President

Federation of the Filipino-Chinese Chambers of Commerce & Industry Inc.

On behalf of the Federation of Filipino-Chinese Chambers of Commerce and Industry, Inc. (FFCCCII), it is my great pleasure to greet the organizers, exhibitors and guests of the

Philippine Lifestyle Sourcing Expo 2026.

Economic and trade cooperation between the Philippines and China continues to grow over the years, and increased economie interdependence in the region creates a unique chance for Philippine companies to seize the opportunity in China's massive consumer markets. As the umbrella organization of Filipino Chinese chambers of commerce and trade associations, FFCCCII will continue to carry out initiatives to strengthen ties between the Philippines and China's business communities.

Thus, we appreciate trade events such as this expo which promotes productive exchanges between Filipino and Chinese entrepreneurs. The Philippine Lifestyle Sourcing Expo presents abundant opportunities for participants to learn about the latest product offers in diverse sectors including apparel, footwear, consumer electronics, gadgets, health and sports equipment, home and lifestyle essentials, fashion, accessories, textiles, and many others.

We congratulate the China Chamber of Commerce for Import and Export of Textiles and Huiyuan Culture Development Group Co., Ltd. for organizing this significant exhibition in the Philippines once again. Our warm welcome to the expo's exhibitors and guests from China, and we hope that they will further explore the business opportunities and investment prospects that the Philippines has to offer.

More power and Mabuhay!

Victor Lim
President

Garment Manufacturer's Association of the Philippines, Inc.

On behalf of the Garment Manufacturer's Association of the Philippines, it is with great pleasure to welcome the most promising, innovative and brightest mind amongst the industry's eco-system.

Philippine Lifestyle Sourcing Expo 2026 serves as a dynamic hub where creativity meets commerce. It will serve not only as a marketplace but a means to shape the future evolution of our culture and industry.

Today, we are faced by an ever-changing consumer demands. We are to provide not only aesthetic appeal but we also have the social responsibility of integrating sustainable ethical production and technological integration.

Let us all support and take advantage of this venue to explore groundbreaking products and forge powerful partnerships to create resilient supply chains. Let this form as bridge for better dialogue to challenge traditional boundaries and status quo to build better collaborative network and opportunities. May this drive our industry into a prosperous and sustainable future.

I want to express my deepest gratitude to the organizing committee, our partners, and every participant who has travelled from near or far to make this event a success. Each one's presence here is a testament to the shared commitment we have toward excellence.

Thank you and I wish you all a highly productive, inspiring and successful exhibit.

Mabuhay and welcome to the Philippine Lifestyle Sourcing Expo 2026!

Dennis Tan
President

Philippine Ecommerce Association Inc. (PECA)

On behalf of the Philippine Ecommerce Association Inc. (PECA), it is my pleasure to welcome everyone to the Philippine Lifestyle Sourcing Expo 2026.

Events like PHLSE play an important role in bringing together entrepreneurs, manufacturers, suppliers, retailers, technology providers, and industry leaders from the Philippines and around the world. More than showcasing products, this gathering creates opportunities for new partnerships, new markets, and meaningful collaboration.

As commerce continues to evolve, we believe that the future lies in connecting technology, businesses, and communities. E-commerce should not only make buying and selling more convenient—it should create opportunities for Filipino entrepreneurs and enterprises to participate in a growing digital economy.

PECA is proud to support PHLSE 2026 and its mission of strengthening connections between local and international industries.

To all our exhibitors, delegates, partners, and guests: welcome to the Philippines, welcome to PHLSE 2026, and may the connections we build here lead to lasting partnerships and shared growth

Jere Von Basa
President

Philipine Pickleball Academy

Warm greetings to all players, delegates, partners, and sports enthusiasts!

On behalf of the Philippine Pickleball Academy (PhPA), it is my absolute honor and pleasure to welcome you all to the Philippine Lifestyle Sourcing Expo (PHLSE) 2026 here at the SMX Convention Center Manila.

We extend our deepest gratitude to the China Chamber of Commerce for Import and Export of Textiles (CCCT), Huiyuan Culture Development Group, and our partners at Global-Link MP Events International for bringing together the Philippine Apparel Textile Show & Philippine Sport Show (PATS & PSS) alongside the Asia International E-Commerce Expo.

Pickleball is undeniably the fastest-growing sport in the world and across the Philippines — and it isn't hard to see why. It's easy to learn but endlessly rewarding to master, social by nature, and welcoming to every age and skill level. In just a few years it has bridged active lifestyles, community engagement, and modern athletic apparel and equipment in a way few sports have managed this quickly. It mirrors exactly what this expo celebrates: people discovering something new, experiencing it firsthand, and exploring where it can take them.

That spirit is at the heart of PhPA. We stand on three pillars — Educate. Equip. Empower. — for Filipinos, by Filipinos. We educate through our coaching and referee certification programs, now more than 600 graduates strong across Luzon, Visayas, and Mindanao, and even among Filipino communities abroad. We equip players and coaches with the right guidance and gear to grow with confidence. And we empower a nationwide community — one paddle, one player, one court at a time.

As the official Activity Partner for PHLSE 2026, PhPA is thrilled to bring the dynamic energy of our sport directly onto the exhibition floor. Over the next three days — from October 8 to 10 — we invite manufacturers, buyers, trade delegates, and sports enthusiasts to step onto our custom activity court in Function Rooms 4 & 5. Whether you are holding a paddle for the very first time during our Live Coaching Sessions or joining fellow enthusiasts in our Open Play Activity, our certified coaching personnel are here to guide you through the fundamentals, techniques, and sheer joy of the game.

This partnership highlights how sports, innovation, and global sourcing intersect to promote active, healthy living in our modern society. We hope this interactive experience opens up exciting avenues for networking, collaboration, and community growth.

To our organizers, exhibitors, partners, coaches, and every player who steps onto our court this weekend — thank you for being part of this journey with us.

Step onto the court, enjoy the game, and let's grow the pickleball community together!

No. 297, Longxun Road, Longxun Town, Dehua County, Fujian Province, China

Yan Jinyu

842965507@qq.com

Company Profile:

Zhizhuo Enterprise was founded in July 2004, comprising the Hengyue Ceramic Research Institute of Dehua County, Fujian Province, Zhizhuo Ceramic Co., Ltd. of Dehua County, Fujian Province, its affiliated branches, and brand image stores. It is a daily-use porcelain enterprise specializing in the research, development, and production of "Hengyue" ivory-white high-end tea and tableware in Dehua, known as China's Porcelain Capital. The legal representative is Yan Baojing. Currently located in the Zhizhuo Park of Baomei Industrial Zone in Dehua, the Porcelain Capital of China, the company boasts over 10,000 square meters of garden-style standardized workshops, a 1,000-square-meter museum-style tourist exhibition hall, seven advanced electric kilns, and an annual production capacity exceeding 6 million pieces. The company has obtained international standard quality management system certification, environmental system certification, and measurement system certification.

For over a decade, the company has adhered to a high-quality, premium approach, receiving strong support from leaders at all levels, care and affection from friends across industries, as well as deep love and trust from consumers and traders nationwide. It has grown into a prominent enterprise in Dehua, boasting substantial production scale, exceptional quality, and a renowned brand reputation. The company has been awarded titles such as Famous Trademark of Fujian Province, High-Tech Enterprise of Fujian Province, Innovative Enterprise of Fujian Province, Technology-Oriented Enterprise of Fujian Province, High-Tech Enterprise of China, Famous Brand Product in China's Ceramic Industry, and Top Ten Tea Utensil Brands in China's Tea Industry. Its products have won the National Invention Gold Award and the Paris International Invention Silver Award. The "Golden Years" tea set series earned the 2021 Gao Ling Village Ceramic Tea Water Three Friends Tea Utensil Gold Award, while the "Shan Hai Jing—Wealth Flows" tea set series received the Gold Award in the Dehua Souvenir Competition for tea sets. Products have been designated as official gifts for the World Kangaroo Convention, the Olympic Lucky Animals, and the China Pavilion at the Milan World Expo. The company holds 3 national invention patents, over 20 utility model patents, more than 30 design patents, and over 500 copyrights. It has been commended multiple times by provincial, municipal, and county governments and has

become a field teaching site for the Fujian Provincial Party School. As an outstanding enterprise, it has sponsored national sports events and various public welfare initiatives. Upholding the principle of "Pursuing Excellence, Perfection in Craft," the company adheres to the quality policy of "Technological Innovation, Quality Foundation, Continuous Improvement, and Striving for Renown," striving to build a top-tier Chinese tea utensil brand.

Type of Business: Manufacturer

FUJIAN DEHUA QINGXIN PORCELAIN CO., LTD. (Booth #323)

Qingxin Ceramics Co., Ltd., Science and Technology Park, Dehua County, Quanzhou City, Fujian Province, China

Lin Xinru

147085770@qq.com

Company Profile:

Fujian Dehua Qingxin Ceramics Co., Ltd. was founded in 1999 and is a renowned export enterprise deeply engaged in the high-end ceramics field. In its early days, the company won favor with merchants in Europe, Russia, and high-end European and American markets thanks to its uniquely designed ceramic flower baskets and zodiac porcelain, with order volumes continuously rising and annual output of core products reaching millions of pieces; the company's tax payments grew steadily from several hundred thousand yuan initially to over one million yuan. As production scale expanded, the company built a modern production plant of over 10,000 square meters, with registered capital exceeding 10 million yuan and fixed assets of over 30 million yuan, steadily enhancing its comprehensive strength and laying a solid foundation for subsequent brand upgrading and craft innovation. Riding precise market insight, the company seized the cultural revival opportunity of the Song Dynasty's five great kilns, focused on the research, development and creation of Ru porcelain—the foremost of the five famous kilns—and established its own brand 'Dasong Mingyao Fang', with the mission of inheriting and innovating Ru porcelain firing techniques, specializing in the R&D, production and sales of high-end Ru porcelain tea ware. Led by master Lin Xinru, the company brings together senior craftsmen and a professional technical team, strictly follows the traditional Ru porcelain craft, selects premium Dehua clay, insists on adding agate to the glaze, and fires at high temperature with rigorous control, so that each work presents the unique quality of 'sky-blue as the heavens, jade-like surface, cicada-wing cracks, sparse morning stars', with warm and moist glaze color and natural crackle, combining craft value and artistic beauty. Master Lin Xinru has profound craftsmanship and remarkable artistic achievements—her work 'Blooming Prosperity' ceramic plate is permanently collected by the National Museum, and the tea set 'Great Fortune' and 'Ancient Charm Narcissus' are collected by the National Art Museum of China; multiple masterpieces have entered national-level collections, becoming a model in the industry. At present, the company has built a complete Ru porcelain product line covering teapots, teacups, tea trays, tea stands, ornaments, vases, ceramic flowers and more, integrating modern design concepts while inheriting the simple charm of traditional Ru porcelain, combining practical value and collectible value. Products sell well domestically and are exported to Europe, America, Southeast Asia and other regions, widely praised by tea connoisseurs and collectors, and have won numerous national-

level honors. In the future, Fujian Dehua Qingxin Ceramics Co., Ltd. will continue to uphold the spirit of craftsmanship, led by master techniques, deepen Ru porcelain culture and craft innovation, and let the thousand-year treasure of Ru porcelain shine in the new era.

Company Profile:

ZHEJIANG ZIRAN HOUSEWARE CO., LTD. has been engaged in the production and sales of placemats for more than ten years since 2008. In 2010, we transformed into a new enterprise and established our own brand. We have always adhered to the corporate philosophy of "quality, low price, cooperation and win-win" and cooperated with major hotel supplies distributors across the country. With the convenience of logistics in Yiwu City, we have carried out small-scale wholesale and quickly issued orders. With the advantages of abundant spot goods and fast delivery, our company has quickly occupied the domestic catering market. In 2018, it was officially upgraded to a general taxpayer and began to explore international markets. At present, the products are mainly sold to countries in United States, Europe, Middle East, South-East Asia and parts of Africa International.
